Dear Mr. Manly,

I appreciate everything you are trying to do for me but I can not come up this Thursday or Friday. I can't get off from work at all.

I am in good shape at the present time and working out every night. If I could <sup>have</sup> ~~get~~ this letter sooner I would come but I received this letter (thus) May 14<sup>th</sup>.

If you give me another chance please let me know about a week in advance. I got the other letter too late; that is, want you wanted me to work out before opening day but you had the wrong address on the letter. This letter had the proper address.

I would like very much to work out with your team. The next time I'll be ready to come work on or no work.

Very truly yours  
Edward C. Robinson
